

Home office

Bamboo

Bamboo home office solutions take advantage of the desk-use shelf of the Bamboo bookcase, a true space-defining system that can also be integrated with a variety of storage elements from the Slim Up day system.

WALL DESK

The Bamboo desk-use shelf is made of wood with a 45° sloped perimeter edge, complete with two aluminum support brackets, in a black finish. It attaches to the Bamboo bookcase rack system, which provides wood, stoneware or aluminum shelves to be arranged higher or lower, also alternating bookcase modules of different widths. Suspended bases with compartments, drawers or baskets can also be used.

HOME OFFICE AREA IN THE LIVING ROOM

A small office station carved out in the living room. It's easy with the Bamboo desk-use shelf, attached to the Bamboo bookcase. The frame and profiles of the groove openings are in a black finish, contrasting with the rope matte lacquer of the top and storage units. The matching chair is Joelle.

FINISHES

What will your custom home office solution look like with Bamboo? Choose the finishes of the available elements.
