Gola up

A bathroom furniture range with an essential shapes and clean lines groove opening, in which the research of continuity is realised in the total or partial groove. This creates a distinctive element, which transforms the functionality of the aperture into a decoration for the entire collection.

BATHROOM FURNITURE WITH GROOVE OPENING

A distinctive feature of the model is the groove opening system, which can be either full or half the length of the front. The aluminium handle is integrated in the groove of the door for an easy grip.

BATHROOM WITH THE ELEGANCE OF METAL

Gola Up adds character to its linearity with sides and top with splashback in elegant metal. A metropolitan, dark or industrial flavour, depending on the combination. It's possible to accessorize the sides with a wooden shelf that creates an open unit.
