

Entrance

Domì

It's the minimalist entrance furniture you don't expect. Inspired by a metal tube with a refined square cross-section, it develops infinite number of possibilities: rational, light, rigorous, airy, elegant, practical and modern. Everyone has his own entrance, equipped to meet his own needs.

ENTRANCE FURNITURE IN METAL, STONEWARE OR WOOD

Domì comes in many versions, with a design that is based on the concept of modularity, and always offers the opportunity for further customisation through the refined finishes selected by Birex. In the picture, a modern environment that blends different tactile and visual appeal. The minimalist entrance furniture has a black stoneware top and a frame in castoro oak, while the frame, back-lit shelves and handle are in black aluminium and the cushion in a drip-proof and stain-resistant fabric that is highly resistant to rubbing and has a pleasant smooth touch.

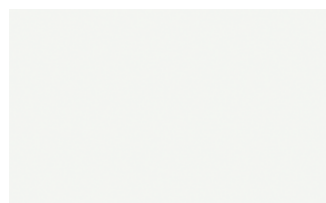

FINISHES

In addition to the metal tube, coated black, white or titanium, which outlines the Domi's outlines, there is a very wide range of finishes to discover. Start now!
