

Entrance

Skap

An entrance cabinet conceived as a single wardrobe unit, yet space-saving, thanks to its depth of only 35 centimetres. Its harmonious and well-balanced impact is due to its light and modern design, between full vertical lines, designed by sliding doors, and airy open compartments.

SPACE-SAVING ENTRANCE FURNITURE

In addition to its reduced depth, Skap is also a space-saving wardrobe unit thanks to its sliding door, which thus avoids additional clutter when opening. Inside, there is space for jackets and coats, shelves and shoe racks. The door is available also hinged and can be used as a mirror or not.

ENTRANCE CABINET WITH OPEN UNITS

In addition to the wardrobe space, Skap can be equipped with a column with open compartments, with or without a closed side. This is a very convenient layout to store bags or objects coming into the house or to hold books and design elements.

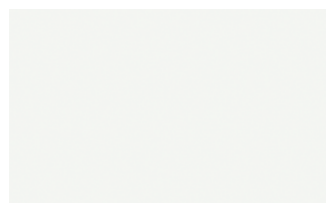

FINISHES
