

Madie e contenitori

Slim

Slim è una madia moderna e lineare, ufficialmente. In realtà è un intero sistema modulare che finisce per dar vita a varie tipologie di mobili contenitori per finiture, altezze, larghezze e accessori.

I MODULI DI SLIM

Slim è madia o contenitore, configurabile con svariati moduli: ante battenti o a ribalta, cassetti e cestoni, ripiani in legno o vetro trasparente. L'apertura standard è push-pull, ma per il legno puoi scegliere di impreziosire la tua Slim con la maniglia a gola in metallo.

I TOP DI SLIM

La madia o il contenitore Slim sono realizzati in legno, in tutte le finiture Dallagnese, dalle essenze legno ai laccati lucidi e opachi, a quelli speciali con effetto metallo o cemento. Puoi scegliere un top coordinato oppure preferire un piano in gres o metallo.

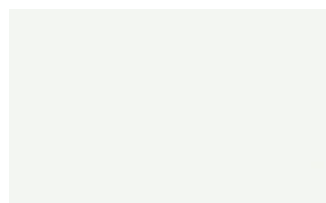

FINITURE

Vaglia tutti i materiali e le loro finiture disponibili per la madia o il contenitore Slim. Troverai anche la soluzione adatta alle tue esigenze.
