Descrizione
Description

Tessuto morbido con trama apprezzabile alla vista.
Ha un peso consistente, perfetto per ogni lavorazione d'imbottiti, ed è facile da trattare in caso di macchie. Per un primo intervento, tamponare subito con un panno asciutto o spazzolare lo sporco secco, sempre senza esercitare eccessiva pressione.
Relax è idrorepellente e ignifugo secondo la certificazione europea classe 1IM e statunitense TB 117.
