

Beds

Square

Dilate the space this bed is a real night programme, based on the wooden or upholstered headboard-boiserie. You can equip it with shelves, drawers, open units and also with the Dall'Agnese bed model you prefer. This is why Square is not a simple bed, but a modular system to be customised as you wish.

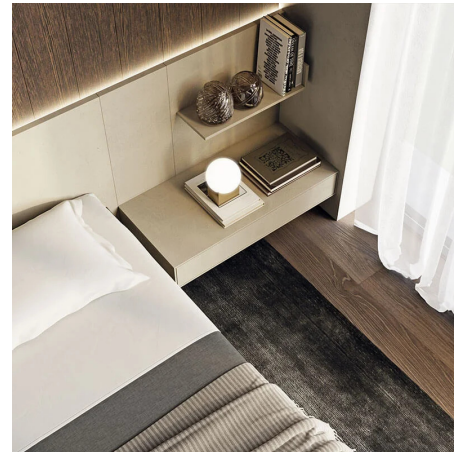

BED HEADBOARDS WITH BUILT-IN NIGHT STANDS

With the Square night programme you can have a headboard with integrated night stands that differ between the two sides because you gain the freedom to compose them as you like, according to the needs of those who will use them. In these pictures, for example, the charcoal oak-coloured boiserie is equipped, on the left, with a suspended Kompos container and a metal shelf, on the right with a floor-standing night stand with two drawers.

SUSPENDED EFFECT BED WITH DIFFERENT INTEGRATED NIGHT STANDS

Among the many possible solutions with Square, you can also obtain a suspended-effect bed, with a trick that has very practical implications. It is in fact supported by a central storage box to be used as additional storage space. In the composition presented here, the wooden bed frame is combined with a lacquered boiserie in a cement finish like the night stands integrated with the bed, which are different from each other and positioned at different heights. The Supernova dressing table and Supernova pouf can also be seen, and the Supernova armchair can be glimpsed opposite the bed.

BOISERIE BED WITH ELECTRICAL SOCKETS

The Square night programme can also be accessorized with an equipped channel equipped with electrical sockets and light switches to ensure perfect usability. In this composition, the system integrates the storage bed frame and a large boiserie made up of upholstered panels in the centre and equipped channels at the sides, followed by beige leather panels. To equip the latter, there are floor-standing baskets and, on the right-hand side only, a metal shelf. Finally, in the bedroom we see the Modula home office workstation with a writing surface resting on two drawers and a suspended open compartment, surmounted by metal shelves with LED lighting, combined with the Le Mans armchair.

THE BOISERIE SYSTEM WITH THE BED YOU WANT

In the Dall'Agnese night programme you can also integrate most of our bed models. For example, in the elegant composition in these pictures, the lacquered panels of the boiserie accommodate the Goose bed, equipped channels for electrification, several storage units and drawers in different shapes, an open compartment and an under-lit metal shelf.

HEADBOARD BED TO OPTIMISE SPACE

Thanks to the Dall'Agnese night programme, you will easily achieve optimised space in your bedroom, as you can see in this linear but articulated composition. The boiserie is formed by a panel covered in fabric, by the lateral equipped channels complete with spotlights and relative switches, by wood panels with a refined canneté workmanship, by drawers, open compartment and bed frame in the same wood finish, but smooth.

NIGHT PROGRAMME FOR ROOM WITH HOME OFFICE SPACE

Increasingly, there is a need for a home office in the bedroom. Nothing could be easier with the Square bedroom programme. In the pictures, the same wooden panels, used for the boiserie that houses the Sentempa fabric bed and different night stands on either side, are proposed to create a Modula desk served by the Le Mans chair.

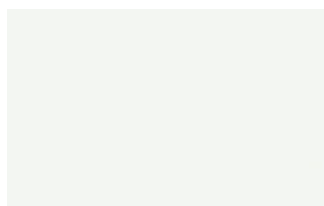

FINISHES

Between boiserie panels in wood, leather, eco-leather or fabric, smooth or quilted upholstery, storage modules and channels equipped with lighting points, electrical sockets and switches, Square allows you to find your own solution. Unique and personal.
